Mit welchem Ort verbindet man den Begriff “Rittner Sommerfrische”?

Category: Menschen,Oberbozner Sommerfrische,Siedlungsgeschichte
written by Armin Kobler | 03.04.2023

Richtig! Mit Oberbozen, und zwar spezifisch mit der Häusersiedlung, welche im heutigen Sprachgebrauch auf Maria Himmelfahrt reduziert wird. Dabei ist die Sommerfrische in Lengmoos/Klobenstein am nordöstlichen Teil des Rittner Plateus deutlich älter. Schon im 16. Jahrhundert entflohen die wohlhabenden Bozner Bürger der sommerlichen Hitze und dem geschäftigen Treiben der Stadt, suchten zeitweilig die Ruhe und Entrückheit eines Bergaufenthaltes, noch dazu bei

atemberaubendem Panorama. Auch die Tatsache, dass es zu der Zeit immer noch wiederholte Pestausbrüche gegeben hat, wird die Entscheidung, die Familie für mindestens zwei Monate in die relativ sichere Sommerfrische zu schicken, begünstigt haben.

Foto: A. Kobler

Leider ist von dieser Sommerfrischsiedlung wenig bekannt, zumindest in breiten Bevölkerungskreisen. Mir sind schon vor längerer Zeit die typischen Anwesen aus der damaligen Zeit aufgefallen, auch wenn sie im Gegensatz zu den Oberbozner Pendants inzwischen von später entstandenen Gebäuden mit anderer Zweckbestimmung eingekreist wurden. Ihr einfacher, vielfach quadratischer, der späten Renaissance geschuldeter Grundriss und das Walmdach unterscheidet sie von den länglichen barocken Oberbozner Sommerfrischhäusern mit den charakteristischen Schopfwalmdächern. Irgendwo hatte ich auch gelesen, dass bei den Klobensteiner Sommerfrischlern der Umhang einen schwarzen

(wegen dem Deutschen Orden?) und nicht einen roten Kragen hat. Das war es aber auch schon.

Beiträge zu einer geschichtlichen Darstellung der Entwicklung der Sommerfrisch-Ansiedlungen auf dem Ritten.

Von Georg Baron Eyrl.

Daß dabei Lengmoos-Klobenstein vor anderen Rittner Orten am frühesten zur Besiedelung kam, dürfte begreiflich sein, wenn man bedenkt, daß dort der Sitz der großen Gemeinde und des Pflegamtes der Herrschaft war und schon seit dem 13. Jahrhundert auch die Deutschordens-pfarrei, das Spital und der Sitz des Arztes sich dort befanden, wohl auch durch diese Orte der Hauptstraßenzug, besonders vor Herstellung des Kuntersweges, von Bozen über das Gebirge nach Kollmann—Waidbruck führte.

Bereits in der zweiten Hälfte des 16. Jahrhunderts finden wir folgende Bozner Familien im Besitze von Höfen oder wenigstens von Sommerfrisch-Häusern in Klobenstein und Umgebung: Wanga, Hafner, Atzwanger, Rottenpuecher, Eyrl, Huepher, Khuepach, Twinger, Anreiter, Ingram, Kaltenhauser.

Im 17. Jahrhundert mehrten sich dann rasch die Sommersitze, für welche merkwürdigerweise meist auf „Egg" auslautende Namen gewählt wurden, so daß, abgesehen von den mehrfach schon von alters herstammenden Oertlichkeitsbezeichnungen wie Grindl-, Taß-, Spitz-, Puechner-, Aschner-, Waldner-, Grumer-, Karler-, Mair-Egg und ähnlichen, jetzt noch Sommerfrischhäuser mit Namen: Prunn-, Hoch-, Schön-, Wunder-, Lieb-, Wind-, Bach-, Thänn-, Einöd-, Boden-, Briegl-, Sintl-, Schwarz-, Thun-, Scheib-, Thal-, Stein-, Reib-, Laim-, Larch-Egg dazukamen.

Bücher darüber gibt es meines Wissens nicht, einzig die Publikationen von Georg Baron Eyrl (in der Zeitschrift “Der Schlern”, Auszug davon links abgebildet) und Josef Weingartner (im Buch “Die Kunst-denkmäler des Etsch-landes”) behandeln das Thema. Deshalb ist es für mich sehr wichtig, den emeritierten Prof. Christoph Pan letztlich kennengelernt zu haben. Seit 1975 besitzt der Soziologe das Sommer-frischaus Liebegg. Zusammen mit seiner Ehefrau Christine hat er das Haus mit Sach-verständnis renoviert, winterfest gemacht und mit sehr viel Feingefühl die Einrichtung vervollständigt.

Christoph Pan kennt sehr gut die obgenannte Quellen und bewegt sich auch sonst souverän im geschichtlichen Umfeld. Zudem ordnet er die örtlichen Entwicklungen in einem weiteren soziokulturellem Kontext ein. Ich hoffe sehr, dass sein Wissen zur Sommerfrische am Ritten auch der örtlichen Bevölkerung zugänglich gemacht wird.

Foto: A. Kobler

Den Kontakt mit der Familie Pan habe ich übrigens Brigitte von

Aufschnaiter zu verdanken. Ihre Familie war die letzte vor dem Eigentumsübergang 1969 auf meine Mutter, welche zum Zwecke der Sommerfrische in der Villa Kinsele eingemietet war. Christoph Pan war dort mehrmals zu Gast.
